Liason: City Council- The circulating traffic section of the general plan is being discussed. Lloyd feels we should be involved. Sue moved that the City Council be asked to do a destination and orgin study and that we definitely feel we should not encourage Lafayette as being an access to the freeway for Moraga, Rheem. Seconded and passed. John Tatum should be involved.

Don Young presented the Chamber's view: They want to delate the enlargement of Hough and First Streets. They are asking the mayor to appoint a committee of interested citizens to concern themselves with the Bart block, bikes, ped. & auto traffic. Downtown traffic problem is everyones problem.

Tom read us a copy of the Recreational Club ordinance from the staff and the commission to be presented for adoption to City Council. George is going to ask for a clarification.

Operation I.D: Mr. Marriner has a list of homeowners and presidents. Burton Valley should be done next by contacting Geo Wasson, Tom Cleveland and Don Young.

Kaiser property- Betty La Porte and four other neighbors appeared to object to the plan the developers have proposed for the Kaiser property. They feel it should be zoned for single-family dwelling only not apartment or tri-plexes. Lafayette should be a low density area. Would like to see the city develop the land, would like to see house left but area around compatible with area.
